

Website Advertisement

Membership in the Chamber of Commerce provides for additional marketing opportunities through various display options within our website: www.albernichamber.ca

We provide for two basic Advertising Options within our site.

OPTION A:

Front page rolling ad for a low **annual cost of \$75.00**. Your advertisement will show on the page periodically based on how many other advertisers use the system. Click on the ad itself and the page will jump over to the Member Listing showing URL and other information as provided by the advertiser.

OPTION B:

Side bar ads within the website itself are showing up randomly on various pages. The ads on the side bar are larger than the front page and also provide for the same sort of link over to the member information. Cost of this ad opportunity is **\$125.00 per year**.

Both Options A & B are now being recognized on our front home page in Featured Partners, as well as, ads on the sides and front of our Website pages.
